

SCDOT Requests Public Comment on the Proposed 2022-2023 Pavement Improvement Program and the Proposed 2023-2024 Primary Pavement Improvement Program

The South Carolina Department of Transportation (SCDOT) requests public comments on the proposed 2022-23 Pavement Improvement Program and the proposed 2023-2024 Primary Pavement Improvement Program to be added to the 2021-2027 Statewide Transportation Improvement Program (STIP). The SCDOT Commission approved, during its May 19, 2022 meeting, a public comment opportunity for the recommended ranked pavement improvement project lists.

The proposed 2022-2023 Pavement Improvement Program includes the reconstruction and rehabilitation of 1,133 miles of Major Roads/Primaries, Farm to Market Secondaries, and Neighborhood Streets. Additionally, the 2023-2024 Primary Pavement Improvement Program includes the rehabilitation and reconstruction of 510 miles of Major Roads/Primaries. The public has the opportunity to comment on the action to amend the STIP to include the proposed Pavement Improvement Programs. SCDOT will receive public comment for a 21-day period from **May 24, 2022** through **June 14, 2022**.

The projects recommended for the proposed 2022-2023 Pavement Improvement Program and the 2023-2024 Major Roads/Primaries were selected utilizing ranking processes that are based on objective and quantifiable factors, that comply with the Ten-Year Plan, support the performance targets established in the Transportation Asset Management Plan and utilize a county by county distribution of paving funds in order to ensure that every county of the state is guaranteed paving funds.

A summary of substantive comments will be available to the Commission. Pending no substantive comments, the projects will be added to a subsequent STIP version.

A copy of this press release, along with an interactive online map, is available for public review and comment until **June 14, 2022** online at these links:
