

RFP Notification

AMENDMENT 1

NOTICE TO ALL CONSULTING ENGINEERING FIRMS

To all potential proposers:

Information concerning the amendment details for each of the following Solicitations has been updated on the SCDOT web page link:

http://info.scdot.org/SCDOTProfessionalServ/SitePages/constructionLetting_Services.aspx#tabs-5

Solicitation Number: S-186-17 - Interstate-526 (I-526) Widening Phase II (I-26 to US 17)

See Page 7

D. SUBMITTAL FORMAT:

The RFP response must be submitted by the date and time listed in this RFP. The response shall contain no more than twenty-five (25) double spaced basic response pages and two (2) additional response pages per bridge project to address project approach, typed on one side only, excluding appendices. Minimum font size shall be 12-point, and the response document page size shall be standard 8.5 inches x 11 inches. **The organizational chart may be on a larger paper size up to 11 inches x 17 inches.** Responses should address each of the following proposal content requirements in the same order as listed below. The consultant may wish to include additional information. If a consultant does not submit responses to these items, their submittal may be considered non-responsive and returned without further review/evaluation. Consultants are advised that SCDOT reserves the right to conduct an independent investigation of any information, including prior experiences, identified in the responses. Consultants are responsible for effecting delivery by the deadline date and time; late submissions will be rejected without opening. SCDOT accepts no responsibility for misdirected or lost proposals. Responses shall be explained and identified within the allowed pages. Appendices may only be used to support or supplement the detailed answers, but cannot be used as a substitute for the required narrative response.

E. PROPOSAL CONTENT:

- 2. Project Organization Chart:** - Limited to one (1) side of one sheet of paper. **The organizational chart may be on a larger paper size up to 11 inches x 17 inches.** This chart must include the legal names (first, middle and last) of the key individuals selected for this project and other individuals considered critical to the success of the project and their roles, the names of the consultant by which they are employed, and the lines of communication, to include functional structure, levels of management and reporting relationships and major functions to be performed in managing the project. The organizational chart must clearly display any DBE firm(s) that will be utilized to meet the contract goal. It shall also indicate the people who will be points of contact with the SCDOT Project Manager.

NOTICE TO ALL CONSULTING ENGINEERING FIRMS

Solicitation Number: S-186-17

Interstate-526 (I-526) Widening Phase II (I-26 to US 17)

The SOUTH CAROLINA DEPARTMENT OF TRANSPORTATION (SCDOT) requests a letter of interest and a current resume of qualifications from all interested consulting firms experienced in providing complete engineering services necessary for the capacity improvements of I-526 between I-26 and US 17 in Berkeley and Charleston Counties. The project consists of Operational improvements, including Interchange improvements and mainline widening for approximately 11 miles on I-526 between mile marker 19 and mile marker 30; NEPA studies including traffic analyses will determine the logical termini and preferred alternative for capacity and safety improvements along the corridor. Should the traffic analysis result in a recommendation of extending the termini of the project, SCDOT will consider the recommendation and reserves the right to modify the termini if it is deemed to be in the best interest of the State of South Carolina.

Requested services include but are not limited to: project management, surveys and mapping (photogrammetric and ground), preparation of preliminary road and bridge plans, final right of way and construction plans, traffic studies and modeling including interchange modification reports, traffic management strategies, alternatives analyses and cost estimating, cost & schedule risk assessment, value engineering, environmental studies/documentation/permitting, project implementation and approach, subsurface utilities engineering, utility coordination/plans, geotechnical services, pipe inspections, hydraulic design, railroad coordination, technical memorandums, administrative record, financial planning, construction services (including constructability reviews, construction phase design services, and construction administration), hazardous materials survey, right of way coordination and acquisition, and design of accident investigation areas as necessary. If the constructed method is modified from design-bid-build to design-build, the project team services will include support during the development of the RFQ & RFP, support during the procurement phase, design plan review and administration during the design build contract, and other duties deemed necessary. The project team should be capable of providing all services outlined above. SCDOT reserves the right to modify these services if it is deemed to be in the best interest of the State of South Carolina.

The SCDOT will select one Project Team to provide these services. Consultants will be evaluated and ranked based on their score during the selection process.

RFP information associated with this solicitation is located at the following link:

http://info.scdot.org/SCDOTProfessionalServ/SitePages/constructionLetting_Services.aspx#tabs-5

For questions, please contact the SCDOT Contracting Officers (CO), Wendy Hollingsworth, at (803) 737-0746 or via email at Hollingswg@scdot.org. Electronic Submissions are due no later than **2:00 PM (EST), January 26, 2017.**

PROFESSIONAL CONSULTANT SERVICES REQUEST FOR PROPOSAL

AGENCY	South Carolina Department Of Transportation (SCDOT)
DESCRIPTION:	I-526 Widening Phase II (I-26 to US 17)
SOLICITATION NUMBER	S-186-17
ADVERTISEMENT DATE	January 3, 2017
CONTRACTS OFFICER (COs)	Wendy Hollingsworth (803) 737-0746
SUBMIT YOUR RFP TO:	All electronic proposal submissions and the letter of interest should be submitted via ProjectWise electronic submittal system no later than <u>2:00 PM (EST), January 26, 2017.</u> No proposals shall be accepted after the date and time specified.

A. PURPOSE OF REQUEST:

The SOUTH CAROLINA DEPARTMENT OF TRANSPORTATION (SCDOT) requests a letter of interest and a current resume of qualifications from all interested consulting firms experienced in providing complete engineering services necessary for the capacity improvements of I-526 between I-26 and US 17 in Berkeley and Charleston Counties. The project consists of Operational improvements, including Interchange improvements and mainline widening for approximately 11 miles on I-526 between I-26 and US 17; NEPA studies including traffic analyses will determine the logical termini and preferred alternative for capacity and safety improvements along the corridor. Should the traffic analysis result in a recommendation of extending the termini of the project, SCDOT will consider the recommendation and reserves the right to modify the termini if it is deemed to be in the best interest of the State of South Carolina.

Requested services include but are not limited to: project management, surveys and mapping (photogrammetric and ground), preparation of preliminary road and bridge plans, final right of way and construction plans, traffic studies and modeling including interchange modification reports, traffic management strategies, alternatives analyses and cost estimating, cost & schedule risk assessment, value engineering, environmental studies/documentation/permitting, project implementation and approach, subsurface utilities engineering, utility coordination/plans, geotechnical services, pipe inspections, hydraulic design, railroad coordination, technical memorandums, administrative record, financial planning, construction services (including constructability reviews, construction phase design services, and construction administration), hazardous materials survey,

right of way coordination and acquisition, and design of accident investigation areas as necessary. If the constructed method is modified from design-bid-build to design-build, the project team services will include support during the development of the RFQ & RFP, support during the procurement phase, design plan review and administration during the design build contract, and other duties deemed necessary. The project team should be capable of providing all services outlined above. SCDOT reserves the right to modify these services if it is deemed to be in the best interest of the State of South Carolina.

SCDOT will use a one-step evaluation process to select a consultant which to execute a contract for this Project. After evaluating the submitted RFP, the Selection Committee will recommend the three top-ranked firms in order to the Chief Procurement Officer. The Chief Procurement Officer will have final approval. The determination regarding how many Proposers to recommend is not subject to review or protest. Cost is NOT a factor in the ranking of consultants to provide services herein. DO NOT include any reference to consultant costs in the RFP response. Any RFP response with any discussion of cost will be disqualified. Consultants are advised that this evaluation and selection process is a competition and not simply a prequalification. Note that the contract will be cost plus a fixed fee with a contract maximum, or specific rate of compensation at the discretion of the SCDOT.

B. SCOPE OF SERVICE:

This project is for the capacity improvements on I-526 from I-26 to US 17 in Mount Pleasant. This project will include widening of I-526 to add one additional travel lane in each direction and potential interchange improvements at Clements Ferry Road, Daniel Island, Long Point Road, and US 17. This project may involve the widening of numerous bridge structures along the corridor. This consultant contract would cover the general scope for the entire project. However, the detailed scope and fee would be negotiated by phases due to the size of the project. Initially the contract fee and scope of work would cover the NEPA and preliminary design. After completion of NEPA and the preferred design alternative, the second phase of work and fee would be negotiated in the contract based on the recommended project delivery method. This would include traffic studies, NEPA and preliminary design to include evaluation of bridges along the corridor to determine the scope of bridge work necessary in order to satisfy the capacity and safety needs. There are currently 25 bridge structures between milepoints 19-30 within this termini from I-26 to US 17. Five of these structures have been identified in the Interstate Bridge Needs document as being functionally obsolete. Strategies will need to be developed in order to address the costs associated with the large number of bridge structures on this corridor and whether it would be cost effective to widen the structures or develop other strategies to handle emergencies with a narrower shoulder on some structures. This scope would include development of the Interchange Modification Reports as necessary as well as the development of traffic management strategies as necessary including design and inclusion of accident investigation areas as needed to mitigate for narrow shoulders. This scope would also include the required Cost and Schedule Risk Assessment as required for projects that are anticipated to exceed the cost threshold of \$500 Million for construction. The level of NEPA documentation anticipated for this project is an Environmental Assessment.

Task 1 - Project Management and Coordination

- Project Organization, management, scoping, and coordination with SCDOT project manager (PM), Federal Highway Administration, Charleston Area Transportation Study (CHATS), municipalities, and other staff as necessary. Arrange and attend project, stakeholder and public meetings. Prepare and distribute minutes
- Manage and monitor the project schedule and budget
- Provide periodic project cost estimates including right of way, utility relocation and construction
- Meet periodically with SCDOT staff in Columbia, District #6 Office in Charleston and on site to review project progress and resolve project issues
- Other duties as deemed necessary by SCDOT

Task 2 – Surveying & Mapping

- Perform Field topographic and property surveys
- Perform Photogrammetric Surveys
- Establish all necessary controls and establish a control baseline
- Perform plat and deed research for all parcels affected within project limits
- Field locate property monuments for impacted parcels
- Perform detailed planimetric and topographic surveys within project limits
- Perform surveys of existing drainage
- Process acquired survey data and prepare base mapping to include break-lines that reflect field conditions. Available aerial photography will be incorporated into the baseline map
- Perform centerline and control staking
- Perform Geotechnical investigation testing location surveys

- Perform wetland boundary survey to include wetlands map
- Provide supplemental surveys as needed

Task 3 – Traffic Studies & Modeling

- Conduct field visits to evaluate the roadway system and collect existing geometrics, lane assignment, traffic control, pavement markings, etc.
- Collect peak hour turning movement counts, tube counts, truck percentages and crash data.
- Perform traffic modeling and forecasts
- Perform a traffic capacity analysis at proposed access points and intersections to identify required improvements to provide acceptable level of service
- Prepare Interchange Modification Reports
- Prepare a traffic study that documents the data collection, analysis methodology, traffic analysis results and recommended improvements for motorized and non-motorized users throughout the corridor
- Perform all necessary traffic projections and modeling
- Prepare recommendations for traffic management strategies to include use of accident investigation areas where necessary

Task 4 – Environmental Services/NEPA/Permitting

- Perform all necessary studies and prepare all necessary documentation associated with NEPA compliance. An EA type document is anticipated
- Prepare a Public Involvement Plan
- Coordinate the public involvement process including conducting any necessary public meetings or hearings and responding to comments
- Provide informational mailings, exhibits for public meetings
- Attend public meetings as needed
- Prepare permit determination, jurisdictional determination and permit application package including mitigation plan, as needed.

Task 5 – Subsurface Utilities Engineering

- Provide recommendation as to the level of SUE to be performed and define limits
- Conduct records and as-built plans research and investigate site conditions.
- Obtain all necessary encroachment permits from all affected jurisdictions.
- Provide appropriate designating services as determined during scoping process. Includes survey of designating marks.
- Provide appropriate locating services as determined during scoping process

Task 6 – Utility Coordination/Plans

- Coordinate with all utility providers affected by the project.
- Provide identification of major utilities and utility easements. Includes early coordination and project location/design to minimize impacts/costs.
- Research prior rights.
- Provide Preliminary Utility Report.

Task 7 – Geotechnical Engineering

- Provide complete geotechnical services for roadway and bridge
- Includes preliminary soil borings, pavement cores, lab testing and geotechnical engineering and associated reports
- Provide preliminary phase geotechnical report including any revised reports requested
- Coordinate with SCDOT Right of Way office to secure permissions from property owners for any geotechnical work necessary to be performed outside of SCDOT Right of Way
- Coordinate with SCDOT staff, property owners, etc. to resolve issues

Task 8 – Pipe Inspections

- Perform all inspections in accordance with SCDOT's current Pipe and Culvert Field Inventory and Inspection Guidelines

- Includes responsibility to remove sediment and debris prior to inspection.
- Provide conclusions and recommendations report regarding data obtained during inspections
- Except for report preparation, pipe inspections to be based on a unit price.

Task 9 – Hydraulic Design

- Perform hydrologic and hydraulic studies and associated documents.
- Complete all aspects of drainage design including ditches, storm sewers, energy dissipators, scour and culverts. Includes connection of bridge drainage system to the roadway drainage system.
- Prepare sediment and erosion control plans and stormwater management report.
- Conduct stormwater analysis and NPDES study.
- Design includes structural water treatment devices
- Attend on-site and office review of drainage recommendations and respond to review comments and finalize drainage design

Task 10 – Roadway Design/Plans

- Develop design criteria for roadway
- Develop conceptual and preliminary designs for project
- Provide all services necessary to prepare preliminary plans, in accordance with all SCDOT practices and procedures
- Prepare alternative analysis designs
- Incorporate Accident Investigation Areas into design, as required
- Perform Quality Assurance and Quality Control
- Complete design exception or design variance documentation, if needed

Task 11 – Bridge/Structure Plans

- Develop design criteria for bridge/structure design
- Condition Survey of Existing Bridges
- Seismic Evaluation of Existing Bridges
- Recommend approach for bridges within corridor that meets purpose and need of project with an acceptable level of operation for the bridges
- Develop plans for roadway structures
- Provide all services necessary to prepare preliminary structure plans, in accordance with all SCDOT practices and procedures
- Perform Quality Assurance and Quality Control of plans
- Complete design exception and design variance documentation, if needed

Task 12 – Cost & Schedule Risk Assessment

- Prepare Engineering Estimates & Budget Validation
- Create Base Cost Estimate and Base Schedule
- Conduct documentation review and Internal review Session
- Facilitate a CSRA workshop with project team and specialized experts
- Develop Risk Response Strategies
- Develop Quantitative Simulation Models
- Develop Risk Adjusted Cost & Schedule Estimates
- Provide recommended implementation and funding strategy
- Prepare a final CSRA Report & Present Findings to Project Team
- Manage the Risk Register & Mitigating Strategies
- Facilitate a 2-day Risk Update Workshop after Selection of Preferred Alternative
- Update Risk Register, Run a Monte Carlo Simulation, and update the CSRA Outcomes for preferred Alternative in a Final Report.

Task 13 – Value Engineering

- Attend and Participate in a Value Engineering Study facilitated by the Department.
- Provide displays, plans and studies to be distributed to the VE Team
- Attend meetings as needed with the VE Team (anticipate 2 meetings)
- Be Available as needed for questions during the VE Study
- Review and provide recommendations for value engineering study recommendations submitted by the VE Team
- Incorporate accepted VE Study design changes into the Project

Task 14 – Right of Way Phase Support

- Coordinate with SCDOT Right of Way office to secure permissions from property owners for an geotechnical work necessary to be performed outside of SCDOT right of way
- Coordinate with SCDOT Staff/property owners, etc. to resolve issues
- Provide plan revisions as necessary
- Acquire right of way, if necessary

Task 15 – Construction Phase Services

- Attend preconstruction and construction meetings as required
- Review shop drawing submittals including bridges/culverts/retaining walls/MSE walls/etc.
- Provide review and recommendations for all Contractor value engineering and other submittals
- Provide plan revisions as necessary
- Provide technical assistance during construction including geotechnical services

C. METHOD OF PROCUREMENT:

This is a qualifications-based selection and the contract will be competitively negotiated. Award will be given to the most responsible, responsive and most highly qualified consultant firm. Procedures for this procurement are identified in Section H, INSTRUCTIONS TO CONSULTANTS. This qualification-based selection is based on the Brooks Act (40 U.S.C. 11).

D. SUBMITTAL FORMAT:

All responding firms must utilize ProjectWise, SCDOT's electronic proposal submission process. Information regarding Project Wise can be found @ http://www.scdot.org/doing/constructionLetting_ProjectWise.aspx. Please contact Eric Stuckey at 803-737-1003 or StuckeyEC@scdot.org to set up an account to begin utilizing the electronic submittal process. Consultants are REQUIRED to upload their submittals online through ProjectWise. Only one completed submittal per team will be accepted and shall be uploaded by lead consulting firm. Please be advised of the time required to set up new account. All requests for new accounts must be received 72 business hours prior to the proposal deadline indicated in the milestone schedule. More information is available at http://www.scdot.org/doing/constructionletting_projectwise.aspx. In the event that a consultant is unable to submit its RFP response through ProjectWise, consultant shall contact the CO to request authorization to submit the RFP response in another format. RFP responses which do not have prior SCDOT authorization to deviate from the ProjectWise format may be considered non-responsive.

All questions regarding the scope of work in the RFP must be submitted by e-mail to the CO or as directed in the RFP. Questions shall be received a minimum of five (5) business days prior to the date and time that the proposal is due unless otherwise stated in RFP. No further questions shall be accepted after that time specified. SCDOT will strive to place all questions and their answers as an amendment on the SCDOT website within 48 hours of receipt of the questions. The names of the consultant/vendors submitting questions will not be disclosed. Oral explanations or instructions will not be binding.

The RFP response must be submitted by the date and time listed in this RFP. The response shall contain no more than twenty-five (25) double spaced pages, typed on one side only, excluding appendices. Minimum font size shall be 12-point, and the response document page size shall be standard 8.5 inches x 11 inches. **The organizational chart may be on a larger paper size up to 11 inches x 17 inches.** Responses should address each of the following proposal content requirements in the same order as listed below. The consultant may wish to include additional information. If a consultant does not submit responses to these items, their submittal may be considered non-responsive and returned without further review/evaluation. Consultants are advised that SCDOT reserves the right to conduct an independent investigation of any information, including prior experiences, identified in the responses. Consultants are responsible for effecting delivery by the deadline date and time; late submissions will be rejected without opening. SCDOT accepts no responsibility for misdirected or lost proposals. Responses shall be explained and identified within the twenty-five (25) pages. Appendices may only be used to support or supplement the detailed answers, but cannot be used as a substitute for the required narrative response.

E. PROPOSAL CONTENT:

The following is included in the 25-page RFP response:

1. **Letter of Interest:** Does not count toward the 25 pages. The Letter of Interest should be no longer than two (2) pages and shall contain the following items:
 - a. An expression of the Prime Consultant's interest in being selected for the project.

- b. A statement confirming the commitment of key personnel identified in the submittal to the extent necessary to meet SCDOT's quality and schedule expectations, and that they are available for the duration of the project.
 - c. Provide the legal name (first, middle and last (including maiden name, if appropriate)) of the Prime Consultant Principal, Officer of the Firm or Project Manager responsible for this contract and has authority to sign the contract for consultant.
 - d. A summary of key points regarding the Prime Consultant's qualifications.
 - e. Signing the letter of interest constitutes authorization of consultant to submit qualification for the purpose of negotiating and entering a contract with SCDOT.
 - f. Certification of authorized submitter that information contained within is correct by including: "I certify that the information included within this document, is to the best of my knowledge, correct as of the date indicated".
2. **Project Organization Chart:** - Limited to one (1) side of one sheet of paper. **The organizational chart may be on a larger paper size up to 11 inches x 17 inches.** This chart must include the legal names (first, middle and last) of the key individuals selected for this project and other individuals considered critical to the success of the project and their roles, the names of the consultant by which they are employed, and the lines of communication, to include functional structure, levels of management and reporting relationships and major functions to be performed in managing the project. The organizational chart must clearly display any DBE firm(s) that will be utilized to meet the contract goal. It shall also indicate the people who will be points of contact with the SCDOT Project Manager.
 3. **Qualifications for key individuals:** Qualifications should include information on experience related to similar projects and previous project work.
 4. **Legal names (first, middle and last (including maiden name, if appropriate)) and qualifications for other individuals** that are considered critical to the success of this project in addition to those identified above. Qualifications should include information on experience related to similar projects and previous project work.
 5. **Legal names (first, middle and last (including maiden name, if appropriate)) for all other individuals** identified for this project.
 6. A **direct response to each of the selection criteria** identified below.
 7. The consultant must provide a **chart indicating the present workload of key personnel** and other individuals considered critical to the success of the project, to include all active projects (concurrent projects with other entities such as cities, other state agencies, counties, COGs MPOs, private sector) and their availability for this project. Additionally, all proposals must clearly list the percentage of work for prime consultant and sub-consultant(s) that will be performing work as part of the project. Failure to include this information in the proposal will result in the proposal being considered nonresponsive and the proposal will be rejected.

APPENDICES

1. Standard Form 330 (SF 330) as required by the Federal Acquisitions Regulations. All parts of the SF 330 must be completed in its entirety for the prime consultant, any sub-consultants and any sub-contractors. Also, indicate if the prime consultant has previously worked with the proposed sub-consultant and give a brief example of the previous relationship(s). The Form 330s will not count against the maximum page limit and can be included in the appendices.
2. Provide a list of References who have personal knowledge of the prime consultant's and the sub-consultant's previous performance. Provide three (3) client references each for both the prime and the sub-consultant(s). The references must include verified addresses, email addresses and telephone numbers, contact persons, and a brief description of services that have been provided similar to those described by SCDOT for this project. References shall be shown on separate sheets (limited to one (1) single-sided sheet; one sheet for the prime and one sheet for each sub proposed).
3. Size and description of firm. Identify the needed resources specific to this project and how those resources will be secured for the project.

F. SELECTION CRITERIA AND EVALUATION PROCESS:

A selection committee comprised of subject matter experts will be established by SCDOT to review the RFP responses and rank the firms. The selection committee will receive copies of each responsive RFP response submitted and will review and draft preliminary scores based on the selection criteria. The selection committee will then meet to discuss the RFPs and determine if interviews are necessary. If interviews will not be conducted, members finalize their individual scores and submit them to the CO. If the selection committee determines interviews are necessary prior to selection, a minimum of three (3) consultants will be short-listed based on the preliminary scoring and invited to participate in interviews. The selection committee will develop the format for the interviews which will be used to refine and fill in gaps from their preliminary scoring. Upon conclusion of the interviews, the committee will reconvene to discuss the interviews, finalize their individual scores and submit them to the CO. The CO will compile the scores, rank the firms, and send the three highest ranked firms to the Chief Procurement Officer (CPO) with a recommendation to begin contract negotiations with the highest ranked firm. The CPO may approve entering into contract negotiations with the top ranked firm, or reject the selection altogether (in which case the project may be re-solicited).

Consultants are advised that the SCDOT may use all information provided by the consultant and information obtained from other sources in the assessment of past performance. Past performance information on contracts not listed by the consultant, or that of named subcontractors, may also be evaluated. SCDOT may contact references other than those identified by the consultant and information received may be used in the evaluation of the consultant’s past performance. While SCDOT may elect to consider information obtained from other sources, the burden of providing current, accurate, and complete past performance information rests with the consultant. The criteria shown below will determine the consultant’s qualification score.

The relative point value and selection criteria follow:

25%	Description of the consultant’s understanding of the project, including the major environmental, engineering, development challenges and consultant’s technical approach in the following key areas: Public involvement, traffic analysis, alternatives analysis, development of EA, development of right of way and construction plans. Demonstrate that the team has the personnel and experience to provide all services for the development and documents for any improvements that may be identified. Also demonstrate the availability of the proposed staff and ability to be responsive to SCDOT.
15%	Specific experience of the proposed project manager in managing interstate improvement projects that include interchange improvements*
15%	Specific experience of key team members in preparing traffic and alternative analysis of interstate improvement projects including the development of interchange modifications reports*
10%	Familiarity of the firm/team with state transportation agency practices and procedures.
15%	Specific experience of key team members in preparing NEPA EA documents for interstate improvement projects.*
10%	Past performance of the firm/team on similar type projects. (Based on CPE scores, and references.)
10%	Disadvantaged Business Enterprise (DBE) utilization plan

*Note: In each criterion above where special experience is evaluated, each project listed should include the client name, specific role of the team member for the consultant, and a point of contact for the client with telephone number and email address.

G. FINAL SELECTION AND NOTIFICATION:

The CO will compile the finalized scores, rank the firms, and send the three highest ranked firms to the CPO with a recommendation to begin contract negotiations with the highest ranked firm. The CPO may approve entering into contract negotiations with the top ranked firm, or reject the selection altogether (in which case the project may be re-solicited).

The intent is to enter into a contract with the top firm pending successful negotiations. All selected firms will be posted on the SCDOT website.

H. TIE BREAKER:

Final evaluation scores are determined from the average of the voting selection committee member's scores. Final scores will be rounded to the nearest whole number. In the event of a tie, the order of negotiation among the tied firms will be determined based on the value of contracts awarded during the previous 24-month period. The firm with the lowest dollar value of actual projects/tasks awarded during the period will be designated as number one in the order of negotiation. The firm with the next lowest dollar value of contracts will be deemed as number two in the order and so forth.

I. INSTRUCTIONS TO CONSULTANTS:

ADDITIONAL INFORMATION: SCDOT reserves the right to request or obtain additional information about any and all responses to the RFP.

AMENDMENT: Any amendment will be posted at the SCDOT website. The RFP may be amended at any time prior to the RFP response submittal date. All actual or prospective consultants should monitor the SCDOT website for issuance of amendments. Consultants shall acknowledge receipt of any amendment to this RFP (1) by signing and returning the amendment, (2) by letter; or (3) by submitting a RFP response that indicates in some way that the consultant received the amendment. If this RFP is amended, then all terms and conditions which are not modified remain unchanged. It is the consultant's responsibility to check the website regularly for updates and modifications.

AUDITS: Prior to contract award, an audit may be conducted by SCDOT of the selected consultant. This audit will be for the purpose of ensuring the selected firm is financially capable of performing the contract, the cost information and prices quoted are reasonable and the selected consultant had adequate accounting practices to ensure accurate tracking of contract costs.

AUTHORIZATION TO BEGIN WORK: No work shall commence until after contract execution and issuance of a Notice to Proceed (NTP). Violations of NTP may result in non-payment of work performed, termination of an impending contract, or loss of federal funds, if applicable. Consultant billing shall not date prior to contract and/or modification of execution date.

AWARD: Contract award will occur after successful negotiations with the selected firm are reached. All selected firms and awards will be posted on SCDOT website. Award will be made to the top ranked firm that has successfully negotiated a contract.

CEI CONFLICT: No member of the consulting firm, its subsidiaries and/or affiliates, shall be selected for CEI services on a design build project if they are part of the design build team. If a sub-consultant is on the design build team, the CEI consultant candidate shall request approval from SCDOT to replace the conflicting sub-consultant prior to CEI contracting in accordance with the **KEY INDIVIDUAL, STAFF AND TEAM CHANGES AFTER AWARD OF DESIGN BUILD CONTRACT:**

CERTIFICATION FORMS: Submission forms located in 'Appendix A' of this document. All certifications must be completed, signed, and notarized and submitted with the RFP response for the prime consultant, any sub-consultants and any sub-contractors. Failure to submit these forms may result in the RFP response being deemed nonresponsive.

CLARIFICATIONS: SCDOT, at its sole discretion, shall have the right to seek clarifications from any consultant to fully understand information contained in their responses to the RFP.

COMMUNICATION: Effective the date of the advertisement of this contract, no further contact is allowed with any SCDOT personnel concerning this project except for questions of an administrative or contractual nature that shall be submitted in writing to the attention of the CO. This restriction is in effect until the selection has been announced. The employees of the proposing consult may not contact any SCDOT staff including members of the Selection Committee, other than the CO to obtain information on the RFP. Such contact may result in disqualification.

CONFLICT OF INTEREST: By submitting a proposal, proposer agrees that, if an organizational conflict of interest is discovered after the proposal is submitted, the proposer must make an immediate and full disclosure to SCDOT that includes a description of the action that the proposer has taken or proposes to take to avoid or mitigate such conflict. SCDOT considers it a conflict of interest for a consultant to represent more than one party in relation to any given project regardless of which phases of the service are involved. If after award of the contract an organizational conflict of interest is determined to exist, SCDOT may, at its discretion, cancel the contract. If the proposer was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to SCDOT, then SCDOT may terminate the contract for default. Consultant must complete and submit a **DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION** certifying it does not have any financial or other interest in the outcome of the project, that it has no agreement, enforceable promise, or guarantee with any individual or company to provide any work on the project, that it does not have any association or professional or business relationships with anyone who has a financial interest in the outcome of the project, nor does anyone with a financial interest in the outcome of the project, exercise any control over the consultant's pay, employment, bonuses, or other area subject to external influence.

CONFLICT OF INTEREST (NEPA): For all Environmental Impact Statement (EIS) and Environmental Assessment (EA) consultant selections, a DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION will be required from each firm of the project team (prime and all sub-consultants). Consultants will be required to disclose any financial or other interest they may have in the outcome of the environmental document, in accordance with Council on Environmental Quality Regulation, 40 C.F.R. §1506.5(c) (1999). The DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION is included in the Appendix to this RFP.

COST RATE: Consultants and sub-consultants must have an SCDOT approved indirect cost rate prior to contract execution. Please refer to the following link for additional information: http://www.scdot.org/doing/contractor_Audit.aspx.

DBE QUALIFICATION: To qualify as a DBE on this project, the firm must be listed as approved for the type of work to be performed in the South Carolina Unified DBE Directory at the time of the bid submittal. Consultants shall comply with Title VI of the Civil Rights Act of 1964. The directory can be found at the following link: http://www.scdot.org/doing/doingPDFs/businessDevelop/UCP_DBE_Directory.pdf.

DBE REPORTING REQUIREMENTS: All executed contracts are subject to the provisions of the SCDOT DBE Program and 49 CFR Part 26. SCDOT is utilizing the DBE Quarterly Reports and DBE Status Spreadsheet as tracking tools. The DBE Quarterly Report reflects quarterly and total payments to date for all DBE firms. A separate DBE Quarterly Report must be submitted for each DBE firm for every active contracts even if no payments were made to DBEs during the specified reporting period. The DBE Status Spreadsheet reflects a summary of payments to all committed and non-committed DBE firms working on the project, and must be submitted along with the DBE Quarterly Reports.

DBE Utilization Plan: A plan for use of DBE firms on the advertised project. The plan should be specific to the project and should include the firms to be used and the type of work each will perform. An estimated percentage of work for each firm should be indicated.

DEBARMENT CERTIFICATION: Federal regulations require certification by prospective consultants as to current history regarding debarment, eligibility, indictments, convictions, or civil judgments. Consultant is required to submit the Debarment certification with its RFP response. Any individual, business, organization, corporation, consortium, partnership, joint venture, or any other entity including sub-consultants currently debarred or suspended is ineligible to participate as a candidate for this process. Any entity ineligible to conduct business in the State of South Carolina for any reason is ineligible to respond to the RFP. A CERTIFICATION OF PRIMARY PARTICIPANT REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS is included in the Appendix to this RFP.

DEBRIEFING: If a non-selected consultant would like to schedule a debriefing, consultant will have three (3) working days from the date of notification of non-selection. Only written requests (emails are acceptable) for a debriefing will be scheduled. If a consultant chooses to schedule a debriefing prior to contract signature, they can no longer be considered for award of this contract. However, the option exists to schedule a post-award debrief which will not jeopardize their opportunity for contract award should negotiations with the selected firm(s) prove unsuccessful.

DRUG FREE WORK PLACE CERTIFICATION: By submitting an RFP response, consultant certifies that, if awarded a contract, consultant will comply with all applicable provisions of the Drug-free Workplace Act, Title 44, Chapter 107 of the South Carolina Code of Laws, as amended.

ETHICS CERTIFICATION: By submitting this RFP, the consultant certifies that the consultant has and will comply with South Carolina's Ethics, Government Accountability, and Campaign Reform Act of 1991, as amended. The following statutes require special attention: (a) Offering, giving, soliciting, or receiving anything of value to influence action of public employee - §8-13-790, 8-13-705, 8-13-720; (b) Recovery of kickbacks - §8-13-790, (c) Offering, soliciting, or receiving money for advice or assistance of public official - §8-13-720, (d) Use or disclosure of confidential information - §8-13-725, (e) Persons hired to assist in the preparation of specifications or evaluation of bids - §8-13-1150, (f) Solicitation of state employees - §8-13-755, §8-13-760 and §8-13-725. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision.

FORMER AND CURRENT SCDOT EMPLOYEES: To avoid the appearance of any real or perceived favoritism, unfair advantage, undue influence, or conflict of interest, a proposal that names, identifies, or includes in any way a current or former SCDOT employee who was employed by SCDOT within 365 days of the submittal will be disqualified. No communication or appearance shall be made by such current or former employee with SCDOT on such proposal, or the proposal will be disqualified. In addition no current or former employee may work on or invoice for direct services performed on this project within 365 days after their last day of employment with SCDOT.

INSURANCE and BONDS: Consultant is responsible to obtain all required statutory and contractual insurance and bonds, including but not limited to Professional liability insurance and Error and Omissions insurance, and shall be submitted to the SCDOT prior to execution of contract.

JOINT VENTURES: If consultant is a partnership, limited partnership, joint venture or other association (hereinafter joint venture), provide a copy of the organizational document or agreement committing to form the organization. Provide documentation from its surety company acknowledging the formation of a joint venture for the purpose of completing the project and that the joint venture is capable of obtaining a performance bond and payment bond in the estimated amount of the contract. Provide a statement executed by all general partners, joint venture members, or other association members, as applicable, evidencing agreement to be fully liable for the performance under the contract. Provide documentation evidencing the person signing the contract has authority to sign the contract on behalf of the joint venture. This information may be included in the appendices and will not be counted against the maximum page limitation. PROPOSERS are reminded that each individual joint venture partner must be prequalified with SCDOT prior to submission of the RFP response.

KEY INDIVIDUALS: Key individuals are those personnel deemed critical to the success of the project. They often vary from project to project. It is incumbent on the prime consultant to make a determination as to who they deem “key”. In general terms, it can include, but not limited to: the project manager and those individuals listed as leads for each functionally specific discipline on the project organization chart. After the selection process any requested replacement of key individuals must be approved by SCDOT management. To qualify for SCDOT’s authorization to replace a key individual, the firm must submit the resume and form 330 of the replacement, a written request explaining the reason for the change, and must document that the proposed removal and replacement will provide services and/or management of the Project equal to or better than that submitted with the proposal. SCDOT will use the criteria specified in the advertisement and the qualification submitted by the firm to evaluate all requests. SCDOT reserves the right to reject the replacement request. All changes in the team must be approved by SCDOT in writing.

SCDOT considers, at a minimum, the Key Individuals for this RFP to be those identified for the following positions:

- **Project Manager/Engineer:** The individual assigned to this position must be a Professional Engineer licensed/registered in the state of South Carolina.
- **Lead Designers**

Any other individuals named as key by the consultant firm within the submitted response/proposal will be subject to all provisions identified for Key Individuals within this RFP.

KEY INDIVIDUAL, STAFF AND TEAM CHANGES DURING SELECTION PROCESS:

(A) Failure of the Prime Consultant to notify SCDOT of any changes in key personnel may render the SOP non-responsive and subject to rejection. SCDOT reserves the right to seek clarifications to confirm unavailability.

(B) If after submission of the SOP any key personnel become unavailable, the Prime Consultant shall notify SCDOT immediately of the unavailability and submit the name and resume of a replacement having equal or better qualifications.

(C) If the CO is notified by the consultant that key individuals are not available, action must be taken as follows: (1) if notified before scoring is complete, but after deadline for submittal, the consultant can submit the resume of the person who would be replacing the key individual. The selection committee will score using the new key individual; (2) if notified after the scoring is complete, but prior to final approval, and the change involves the top scoring consultant, the consultant can submit the resume of the person who will replace the key individual. The selection committee must then determine if the new person would affect the selection results. If not, the CO will notate the change and the justification for keeping the selection results. If it does, the selection committee will re-score the top consultant and change the selection; or (3) if a consultant notifies the CO of a key individual change any time after the final approval, the SCDOT must determine if the new key individual is acceptable. If not, the consultant will be rejected and the next highest qualified consultant will be selected.

(D) To qualify for SCDOT’s authorization to replace a key individual, the firm must submit the resume and form 330 of the replacement, a written request explaining the reason for the change and must document that the proposed removal and replacement will provide services and/or management of the Project equal to or better than that submitted with the proposal. SCDOT will use the criteria specified in the advertisement and the qualification submitted by the firm to evaluate all requests. SCDOT reserves the right to reject the firm from further consideration if the new member is not approved. All changes in the team must be approved by SCDOT in writing.

KEY INDIVIDUAL, STAFF AND TEAM CHANGES AFTER AWARD OF DESIGN BUILD CONTRACT: If the top ranking prime consultant has a sub-consultant or subcontractor listed that is a member of the successful design-build team, the prime consultant shall request approval from SCDOT to replace the sub-consultant or subcontractor only under the following conditions: (1) the prime consultant must remain, (2) a maximum of 30% of the original team may be substituted, and (3) key individuals cannot be substituted. If the selected prime consultant cannot meet the three (3) criteria above, the next highest

ranked prime consultant will be reviewed for compliance. Firms that are found to consistently propose personnel who are not available are subject to temporary or permanent loss of their prequalification in that category, and may lose the right to submit proposals to SCDOT. SCDOT acknowledges that there are times where individuals have to be changed due to change in employment or unanticipated work load shifts or schedule changes. All changes in the team must be approved by SCDOT in writing.

LAWS AND REGULATIONS: It is the responsibility of consultant to know and understand state and federal contracting and project regulations, rules, policies and procedures. Consultants shall conform to all state and federal requirements.

LEGAL NAMES: (first, middle and last (including maiden name, if appropriate)) and qualifications for other individuals that are considered critical to the success of this project in addition to those identified above. Qualifications should include information on experience related to similar projects and previous project work.

MULTIPLE PROPOSALS: Consultants are prohibited from submitting on multiple proposals as the prime consultant in response to this advertisement.

OWNERSHIP: All materials and written qualifications submitted pursuant to this RFP shall become the property of SCDOT and will not be returned. All responders must visibly mark as "CONFIDENTIAL" each part of their submission that they consider to contain proprietary information the release of which would constitute an unreasonable invasion of privacy. All unmarked pages will be subject to release in accordance with law. Proposer should be prepared, upon request, to provide justification of why such materials should not be disclosed under the South Carolina Freedom of Information Act, S.C. Code Section 30-4-10, et seq.

PREPARATION OF RFP: Consultants and/or sub-consultants who assist the owner in the preparation of a RFP document will not be allowed to participate in this RFP or join a team submitting a proposal in response to the RFP. However, SCDOT may determine there is not an organizational conflict of interest for a consultant or sub-consultant where: (a) The role of the consultant or sub-consultant was limited to provision of preliminary design, reports, or similar "low-level" documents that will be incorporated into the RFP, and did not include assistance in development of instructions to proposer or evaluation criteria, or (b) Where all documents and reports delivered to the agency by the consultant or sub-consultant are made available to all consultants.

REQUIRED PERCENTAGE OF WORK FOR PRIME CONSULTANTS: Consultant must perform work valued at not less than 30% of the total work, excluding specialized services, with its own staff. Specialized services are those services or items not usually furnished by a consultant performing a particular type of services requested.

RESPONSIBLE: Award of the contract will be to firms who have the capability in all respects to perform fully the contract requirements and the integrity and reliability which will assure good faith performance which may be substantiated by past performance.

RESPONSIVENESS: Any RFP response which fails to conform to the material requirements of the RFP may be rejected as nonresponsive. Reasons for determining a proposal to be non-responsive may result from, but are not limited to, the following: failure to provide all information requested in RFP, conflict of interests, conditional proposals, and failure to provide complete and honest information. Proposers will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be clarified or waived at the sole discretion of the SCDOT.

RFP PREPARATION COSTS: SCDOT assumes no liability and will not reimburse costs incurred by firms (whether selected or not) in developing responses to this RFP or participating in interviews.

RIGHT TO MODIFY and AMEND RFP: SCDOT reserves the right to modify or amend any provision of this RFP, including the determination of its intent to award a contract pursuant to this RFP. Interested engineering consultants are cautioned to rely solely on the contents of this RFP and subsequent written amendments in preparing any list of qualifications. SCDOT shall not be bound by any oral instructions, comments, or recommendations of any kind.

RIGHT TO REJECT: SCDOT reserves the right, in its sole discretion, to reject any and all RFP responses if it determines that such rejection is in the best interest of the State

RIGHT TO CANCEL: SCDOT reserves the right to cancel the advertisement, negotiations, or contract at any time in the best interest of the State.

TERMS OF CONTRACT: The boilerplate terms for all SCDOT contracts are non-negotiable.

VALIDITY OF INFORMATION: Consultant shall be held responsible for the validity of all information supplied in its proposal, including that provided by potential subcontractors. Should subsequent investigation disclose that the facts and

conditions were not as stated, the proposal may be rejected or contract terminated for default if after award, in addition to any other remedy available under the contract or by law.

APPENDIX A - REQUIRED FORMS

The following completed forms are required to be returned with each proposal:

- Certificate Of Non-Collusion
- Certification Of Primary Participant Regarding Debarment, Suspension, And Other Responsibility Matters
- Certification Of Sub-Consultant / Sub-Contractor Regarding Debarment, Suspension, And Other Responsibility Matters
- Certification Of Restrictions On Lobbying
- Certification Of Consultant
- Disclosure Of Potential Conflict Of Interest Certification

CERTIFICATE OF NON-COLLUSION

By submission of proposal, each person signing on behalf of any consultant certifies, and in the case of a joint proposal, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:

- 1) The proposal is submitted without collusion, consultation, communication, or agreement for the purpose of restricting competition, with any other bidder or with any competitor;
- 2) No attempt has been made or will be made by the proposer to induce any other person, partnership or corporation to submit or not to submit a proposal for the purpose of restricting competition.

CERTIFICATION OF PRIMARY PARTICIPANT REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The prime consultant, _____ certifies to the best of its knowledge and belief, that it and its principals:

- 1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- 2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or Local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- 3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (2) of this certification; and
- 4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or Local) terminated for cause or default.

If the prime consultant is unable to certify to any of the statements in this certification, the consultant shall attach an explanation to this certification.

The primary consultant, _____ certifies or affirms the truthfulness and accuracy of the contents of the statements submitted on or with this certification and understands that the provisions of 31 U.S.C. Sections 3801 et seq, are applicable thereto.

CERTIFICATION OF RESTRICTIONS ON LOBBYING

The consultant certifies, to the best of its knowledge and belief, that:

1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of a Federal department or agency, a Member of the U.S. Congress, an officer or employee of the U.S. Congress, or an employee of a Member of the U.S. Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification thereof.

2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form--LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions (as amended by "Government wide Guidance for New Restrictions on Lobbying," 61 Fed. Reg. 1413 (1/19/96). Note: Language in paragraph (2) herein has been modified in accordance with Section 10 of the Lobbying Disclosure Act of 1995 (P.L. 104-65, to be codified at 2 U.S.C. 1601, et seq.)).

3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

THE CONSULTANT, _____, CERTIFIES OR AFFIRMS THE TRUTHFULNESS AND ACCURACY OF EACH STATEMENT OF ITS CERTIFICATION AND DISCLOSURE, IF ANY. IN ADDITION, THE CONSULANT UNDERSTANDS AND AGREES THAT THE PROVISIONS OF 31 U.S.C. §§ 3801 ET SEQ. APPLY TO THIS CERTIFICATION AND DISCLOSURE, IF ANY.

CERTIFICATION OF CONSULTANT

I hereby certify that I am the duly authorized representative of CONSULTANT and that neither I nor the above CONSULTANT I here represent has:

- a) employed or retained for a commission, percentage, brokerage, contingent fee, or other consideration, any firm or person (other than a bona fide employee working solely for me or the above CONSULTANT) to solicit or secure this contract;
- b) agreed, as an express or implied condition for obtaining this contract, to employ or retain the services of any firm or person in connection with carrying out the contract, or
- c) paid, or agreed to pay, to any firm, organization or person (other than a bona fide employee working solely for me or the above CONSULTANT) any fee, contribution, donation, or consideration of any kind for, or in connection with, procuring or carrying out the contract except as here expressly stated (if any);
- d) either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action, in restraint of free competitive bidding in connection with the submitted proposal.

By execution of this Agreement, CONSULTANT certifies CONSULTANT and all sub-consultants, contractors, employees and agents will comply with South Carolina’s Ethics, Government Accountability, and Campaign Reform Act of 1991, as amended. The following statutes require special attention: (a) Offering, giving, soliciting, or receiving anything of value to influence action of public employee - §8-13-790, 8-13-705, 8-13-720; (b) Recovery of kickbacks - §8-13-790, (c) Offering, soliciting, or receiving money for advice or assistance of public official - §8-13-720, (d) Use or disclosure of confidential information - §8-13-725, (e) Persons hired to assist in the preparation of specifications or evaluation of bids - §8-13-1150, (f) Solicitation of state employees - §8-13-755, §8-13-760 and §8-13-725. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision.

Consultant hereby certifies that it has, to the best of its knowledge and belief determined that any former SCDOT employees that are identified as key individuals on this Project are in compliance with the S.C. Ethics Act, specifically, Sections 8-13-755 and 8-13-760.

I acknowledge that this certificate is to be furnished to the Department, the Federal Highway Administration, and the U. S. Department of Transportation, and is subject to applicable State and Federal laws, both criminal and civil.

DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION

CONFLICT OF INTEREST: By submitting a proposal, proposer agrees that, if an organizational conflict of interest is discovered after the proposal is submitted, the proposer must make an immediate and full disclosure to SCDOT that includes a description of the action that the proposer has taken or proposes to take to avoid or mitigate such conflict. SCDOT considers it a conflict of interest for a consultant to represent more than one party in relation to any given project regardless of which phases of the service are involved. If after award of the contract an organizational conflict of interest is determined to exist, SCDOT may, at its discretion, cancel the contract. If the proposer was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to SCDOT, then SCDOT may terminate the contract for default.

The Consultant by signing this disclosure, certifies it does not have any financial or other interest in the outcome of the project, that it has no agreement, enforceable promise, or guarantee with any individual or company to provide any work on the project, that it does not have any association or professional or business relationships with anyone who has a financial interest in the outcome of the project, nor does anyone with a financial interest in the outcome of the project, exercise any control over the consultant’s pay, employment, bonuses, or other area subject to external influence.

The Consultant, by signing this disclosure, further certifies that it is in compliance with the FORMER AND CURRENT SCDOT EMPLOYEES policy: To avoid the appearance of any real or perceived favoritism, unfair advantage, undue influence, or conflict of interest, a proposal that names, identifies, or includes in any way a current or former SCDOT employee who was employed by SCDOT within 365 days of the submittal will be disqualified. No communication or appearance shall be made by such current or former employee with SCDOT on such proposal, or the proposal will be disqualified. In addition no current or former employee may work on or invoice for direct services performed on this project within 365 days after their last day of employment with SCDOT.

Consultant hereby indicates that it has, to the best of its knowledge and belief has:

- Determined that no potential organizational conflict of interest exists.
- Determined a potential organizational conflict of interest as follows:

Attach additional sheets as necessary.

1. Describe nature of the potential conflict(s):

2. Describe measures proposed to mitigate the potential conflict(s):
