A. PURPOSE OF REQUEST:

The **SOUTH CAROLINA DEPARTMENT OF TRANSPORTATION (SCDOT)** requests a letter of interest and qualifications from consulting firms experienced in highway design, travel demand management principles, and corridor analysis. The services will be needed for an analysis of Interstates I-20, I-126, and I-77 in Lexington and Richland Counties.

Requested services include but are not limited to: project management, traffic studies, subsurface utility engineering, surveying, environmental studies and documentation, environmental permitting, bridge design, roadway design, structural design, hydrology/hydraulic design, utility coordination, geotechnical services, public information meeting and support, and other duties deemed necessary. The work may also include final right-of-way plans, final construction plans, and construction phase services. The project team should be capable of providing all services outlined above.

SCDOT will use a one-step evaluation process to select a consultant which to execute a contract for this Project. After evaluating the submitted RFP, the Selection Committee will recommend the three top-ranking firms in order to the Deputy Secretary for Engineering. The Deputy Secretary for Engineering will have final approval. The determination regarding how many Proposers to recommend is not subject to review or protest. Cost is NOT a factor in the ranking of consultants to provide services herein. DO NOT include any reference to consultant costs in the RFP response. Any RFP response with any discussion of cost will be disqualified. Consultants are advised that this evaluation and selection process is a competition and not simply a prequalification. Note that the contract will be a cost plus fixed fee with a contract maximum.

B. SCOPE OF SERVICE:

Project will consider an approximate 100 miles of Interstate I-20, I-26, I-77, I-126 and all of SC-277 around Columbia (see attached map), including six system to system interchanges (I-126/I-20, I-26/I-20, I-20/I-77, I-26/I-77, I-20/SC-277 and I-77/SC-277. The I-126/I-20, I-26/I-20 interchange concepts and plans will be developed under another project currently underway; however the findings and recommendations will need to be incorporated into this study.) The project is located in Columbia, West Columbia, Springdale, Lexington, Irmo, Cayce and Forest Acres in Lexington and Richland Counties. Sections of included route have been identified in the SCDOT Interstate Long-Range Plan as a priority capacity need based on adopted ranking criteria. Due to the scale and cost associated with widening the mainline from the 6-lanes to an 8-lane section with improved interchanges and overpasses, it is not anticipated that sufficient funding will be available in the near-term through traditional federal and state funding sources. However, beginning in Fiscal Year 2014, the South Carolina Statewide Transportation Improvement Program (STIP) includes design funds to evaluate new plans for additional capacity, as well the evaluation of travel demand management, modal options, and operational strategies that offer low cost improvements and/or the opportunity for improved efficiencies within existing capacity constraints.

Task 1 –Development of Corridor Model

- ◆ Evaluate existing traffic conditions of the mainline corridor and interchanges, along with certain other major US and SC corridors, as necessary, in the area encompassed by the project limits
- ◆ Examine historic traffic volume information to determine growth rates throughout the corridor for both 24-hour and peak hour conditions. Review the existing COATS MPO Travel Demand Model to determine forecasted growth rates.
- ◆ Develop a corridor level micro-simulation model to evaluate the effectiveness of capacity, traffic operations, and travel demand management strategies for mainline and interchange operations.
- ◆ Modal considerations for the corridor model may be based on sketch modeling techniques.

Task 2 – Travel Demand Management Strategies

The consultant shall evaluate travel demand management strategies to improve traffic flow and safety along the project including, but not limited to the following:

- ◆ Establishment of the 511 System
- ◆ Coalition building among partners
- ◆ Public outreach
- ◆ Develop and promote employer based programs
- ◆ Target and negotiate with high generators on staggered release
- ◆ Promote and encourage Smartride services through incentives
- ◆ Congestion pricing

Task 3 – Modal Options Strategies

The consultant shall evaluate modal strategies to improve traffic flow and safety along the project including, but not limited to the following:

- ◆ Intelligent Transportation System/Smartride
- ◆ Development of park and ride
- ◆ Carpooling
- ◆ Vanpooling
- ◆ Expanding Smartride
- ◆ Walking and bicycle facilities
- ◆ Bus route information update
- ◆ Bus rapid transit
- ◆ Express bus service
- ◆ Commuter rail
- ◆ Light rail
- ◆ Development of park and ride facilities
- ◆ Establishment of regional express bus service
- ◆ Regional ride sharing service
- ◆ Consideration of commuter rail

Task 4 – Evaluation of Traffic Operations Strategies

The consultant shall evaluate operational strategies to improve traffic flow and safety along the project including, but not limited to the following:

- ◆ Ramp metering
- ◆ Closing or restricting interchange movements during peak hour conditions
- ◆ Enhanced Intelligent Transportation Systems, such as integrated real time travel information and 511 Systems
- ◆ Installing visual barriers to reduce rubber necking during incidences
- ◆ Improvements in incidence response
- ◆ Traffic lane allocation using signing and pavement markings
- ◆ Real time travel information system
- ◆ Improving traffic flows on parallel routes
- ◆ Improve incident clearance times
- ◆ Managing the allocation of road space
 - High-occupancy vehicle (HOV) lanes
 - High occupancy tolled (HOT) lanes
 - Narrower lanes and car-only lanes
 - Express lanes
 - Reversible and contra-flow lanes
 - Use of freeway shoulders or emergency lanes
- ◆ Implementation of an active Traffic Management Center
- ◆ Real time speed management
- ◆ Access management policies
- ◆ Review all existing parallel routes for possible improvement
- ◆ Examine possible new parallel routes to alleviate demand on the current system

Task 5 – Capacity Improvement Strategies

Consultant shall determine if sections of the corridor can only be improved by an increase in capacity and if so, determine if the improvement can be completed wholly or in segments. If the capacity improvement requires segments, the consultant shall determine the priority of the segments.

- ◆ Review the latest traffic conditions and projected traffic along the corridor
- ◆ Determine if certain section require capacity improvement
- ◆ Consider/define segmentation plan for advancing projects that have logical termini and operational independence.
- ◆ Evaluate and identify priority projects within the scope of any widening project that offer opportunities for phased improvements.

- ◆ Develop cost estimates, including Preliminary Engineering and Right-of-Way, for all elements of a widening project

Task 6 – Assist with Public Involvement and Coordination with Stakeholders

Key stakeholders and the general public shall be engaged both to offer information about the corridor and to seek input on strategies to improve operations and safety of the corridor.

- ◆ The Consultant will meet with the SCDOT and stakeholders to review and refine the scope of work, proposed approach, and schedule.
- ◆ The Consultant will provide progress reports to be delivered in writing and meet as needed with SCDOT. Complete minutes will be prepared on the proceedings of each meeting.
- ◆ The Consultant will help conduct public meetings to educate key stakeholders and the general public on the opportunities and recommendations resulting from the study
- ◆ The consultant will develop a stakeholders and public involvement plan for the corridor study

Final Deliverable

1. The Consultant will prepare a final report for detailing all analyses and findings.
2. A completed micro-simulation model and assessment of potential corridor improvements.
3. Identification of Strategies based on:
 - a. Travel Demand Management
 - b. Modal Options
 - c. Traffic Operational Improvements
 - d. Capacity Improvements
4. Develop Planning level cost estimates (in incremental denomination) for each strategy along with Benefit-to-Cost Analysis/Ratio for each project using an SCDOT approved method.
5. Develop a Benefit Suitability Matrix for strategy.
6. Develop concept level plans for all recommendations.
7. Environmental impact screening of the recommendations.
8. A recommended staging plan will be included to provide direction for an incremental approach to address needs within the project corridor.
9. A determination on the viability of financing managed lanes from projected toll revenues. If managed lanes are determined viable, but design, operational, financial or policy issues have an impact on successful implementation, the Consultant will make detailed recommendations as to the actions necessary to resolve such issues.
10. Develop concept level plans for the two system to system interchanges with at least 4-6 different viable alternatives (Scale: 1" = 200'.)

C. METHOD OF PROCUREMENT:

This is a qualifications-based selection and the contract will be competitively negotiated. Award will be given to the most responsible, responsive and most highly qualified consultant firm. Procedures for this procurement are identified in Section H, INSTRUCTIONS TO CONSULTANTS. This qualifications-based selection is based on the Brooks Act (40 U.S.C. 11).

D. SUBMITTAL FORMAT:

All responding firms must utilize ProjectWise, SCDOT's electronic proposal submission process. Information regarding Project Wise can be found @ http://www.scdot.org/doing/constructionLetting_ProjectWise.aspx. Please contact Eric Stuckey at 803-737-1003 or StuckeyEC@scdot.org to set up an account to begin utilizing the electronic submittal process. Consultants are REQUIRED to upload their submittals online through ProjectWise. Only one completed submittal per team will be accepted and shall be uploaded by lead consulting firm. Please be advised of the time required to set up new account. All requests for new accounts must be received 72 business hours prior to the proposal deadline indicated in the milestone schedule. More information is available at http://www.scdot.org/doing/constructionletting_projectwise.aspx. In the event that a consultant is unable to submit its RFP response through ProjectWise, consultant shall contact the CO to request authorization to submit the RFP

response in another format. RFP responses which do not have prior SCDOT authorization to deviate from the ProjectWise format may be considered non-responsive.

All questions regarding the scope of work in the RFP must be submitted by e-mail to the CO or as directed in the RFP. Questions shall be received a minimum of five (5) business days prior to the date and time that the proposal is due unless otherwise stated in RFP. No further questions shall be accepted after that time specified. SCDOT will strive to place all questions and their answers as an amendment on the SCDOT website within 48 hours of receipt of the questions. The names of the consultant/vendors submitting questions will not be disclosed. Oral explanations or instructions will not be binding.

The RFP response must be submitted by the date and time listed in this RFP. The response shall contain no more than twenty-five (25) double spaced pages, typed on one side only, excluding appendices. Minimum font size shall be 12-point. Responses should address each of the following proposal content requirements in the same order as listed below. The consultant may wish to include additional information. If a consultant does not submit responses to these items, their submittal may be considered non-responsive and returned without further review/evaluation. Consultants are advised that SCDOT reserves the right to conduct an independent investigation of any information, including prior experiences, identified in the responses. Consultants are responsible for effecting delivery by the deadline date and time; late submissions will be rejected without opening. SCDOT accepts no responsibility for misdirected or lost proposals. Responses shall be explained and identified within the twenty-five (25) pages. Appendices may only be used to support or supplement the detailed answers, but cannot be used as a substitute for the required narrative response.

E. PROPOSAL CONTENT:

The following is included in the 25-page RFP response:

1. **Letter of Interest:** The Letter of Interest should be no longer than one (1) page and shall contain the following items:
 - a. An expression of the Prime Consultant's interest in being selected for the project.
 - b. A statement confirming the commitment of key personnel identified in the submittal to the extent necessary to meet SCDOT's quality and schedule expectations.
 - c. Provide the name of the Prime Consultant Principal, Officer of the Firm or Project Manager responsible for this contract and has authority to sign the contract for consultant.
 - d. A summary of key points regarding the Prime Consultant's qualifications.
 - e. Signing the letter of interest constitutes authorization of consultant to submit qualification for the purpose of negotiating and entering a contract with SCDOT.
 - f. Certification of authorized submitter that information contained within is correct by including: "I certify that the information included within this document, is to the best of my knowledge, correct as of the date indicated".
2. **Project Organization Chart:** - Limited to one (1) side of one sheet of paper. This chart must include the names of the key individuals selected for this project, their roles on the project, the names of the consultant by which they are employed, and the lines of communication, to include functional structure, levels of management and reporting relationships for Key Individuals, and major functions to be performed in managing and designing the project. It shall also indicate the people who will be points of contact with the SCDOT Project Manager.
3. **Qualifications for key individuals.**
4. **Names and qualifications for other key individuals** that are considered critical to the success of this project in addition to those identified above. Qualifications should include information on experience related to similar projects and previous project work.
5. A **direct response to each of the selection criteria** identified below.

- The consultant must provide a **chart indicating the present workload of all key personnel** to include all active projects (concurrent projects with other entities such as cities, other state agencies, counties, COGs MPOs, private sector) and their percentage availability for this project.

APPENDICES

- Standard Form 330 (SF 330) as required by the Federal Acquisitions Regulations. All parts of the SF 330 must be completed in its entirety for the prime consultant, any sub-consultants and any sub-contractors. Additionally, all proposals must clearly list the percentage of work for prime consultant and sub-consultant(s) that will be performing work as part of the project. Also, indicate if the prime consultant has previously worked with the proposed sub-consultant and give a brief example of the previous relationship(s). The Form 330s will not count against the maximum page limit and can be included in the appendices.
- Provide a list of References who have personal knowledge of the prime consultant’s and the sub-consultant’s previous performance. Provide three (3) client references each for both the prime and the sub-consultant(s). The references must include verified addresses, email addresses and telephone numbers, contact persons, and a brief description of services that have been provided similar to those described by SCDOT for this project. References shall be shown on separate sheets (limited to one (1) single-sided sheet; one sheet for the prime and one sheet for each sub proposed).
- Size and description of firm. Identify the needed resources specific to this project and how those resources will be secured for the project.

F. SELECTION CRITERIA AND EVALUATION PROCESS:

A selection committee comprised of 3-6 subject matter experts will be established by SCDOT to review the RFP responses and rank the firms. The selection committee will receive copies of each responsive RFP response submitted and will review and draft preliminary scores based on the selection criteria. The selection committee will then meet to discuss the RFPs and determine if interviews are necessary. If interviews will not be conducted, members finalize their individual scores and submit them to the Contract Selection Manager (CSM). If the selection committee determines interviews are necessary prior to selection, a minimum of three (3) consultants will be short-listed based on the preliminary scoring and invited to participate in interviews. The selection committee will develop the format for the interviews which will be used to refine and fill in gaps from their preliminary scoring. Upon conclusion of the interviews, the committee will reconvene to discuss the interviews, finalize their individual scores and submit them to the CSM. The CSM will compile the scores, rank the firms, and send the three highest ranked firms to the DSE with a recommendation to begin contract negotiations with the highest ranked firm. The DSE may approve entering into contract negotiations with the top ranked firm, or reject the selection altogether (in which case the project may be re-solicited).

Consultants are advised that the SCDOT may use all information provided by the consultant and information obtained from other sources in the assessment of past performance. Past performance information on contracts not listed by the consultant, or that of named subcontractors, may also be evaluated. SCDOT may contact references other than those identified by the consultant and information received may be used in the evaluation of the consultant’s past performance. While SCDOT may elect to consider information obtained from other sources, the burden of providing current, accurate, and complete past performance information rests with the consultant. The criteria shown below will determine the consultant’s qualification score.

The relative point value and selection criteria follow:

35%	Specific experience, qualifications, and technical competence of the staff proposed for the type of work required
20%	Past performance of the firm/team on similar type projects
15%	Availability of the proposed staff and ability to be responsive to SCDOT
10%	Team Composition - Demonstrate that the team has the personnel and experience to provide all services
10%	Familiarity of the firm/team with State Transportation Agency practices and procedures
10%	DBE utilization plan

* Note: In each criterion above where special experience is evaluated, each project listed should include the client name, specific role of the team member for the consultant, and a point of contact for the client with telephone number and email address.

G. FINAL SELECTION AND NOTIFICATION:

The Contract Selection Manager (CSM) will compile the finalized scores, rank the firms, and send the three highest ranked firms to the DSE with a recommendation to begin contract negotiations with the highest ranked firm. The DSE may approve entering into contract negotiations with the top ranked firm, or reject the selection altogether (in which case the project may be re-solicited).

The intent is to enter into a contract with the top firm pending successful negotiations. All awards will be posted on the SCDOT website.

H. TIE BREAKER:

Final evaluation scores are determined from the average of the voting selection committee member's scores. If consultants have equal final scores, the following methodology will be used to break the tie: Final scores will be rounded to the nearest whole number. In the event of a tie, the order of negotiation among the tied firms will be determined based on the value of contracts awarded during the previous 24-month period. The firm with the lowest dollar value of actual projects/tasks awarded during the period will be designated as number one in the order of negotiation. The firm with the next lowest dollar value of contracts will be deemed as number two in the order and so forth.

I. INSTRUCTIONS TO CONSULTANTS:

ADDITIONAL INFORMATION: SCDOT reserves the right to request or obtain additional information about any and all responses to the RFP.

AMENDMENT: Any amendment will be posted at the SCDOT website. The RFP may be amended at any time prior to the RFP response submittal date. All actual or prospective consultants should monitor the SCDOT website for issuance of amendments. Consultants shall acknowledge receipt of any amendment to this RFP (1) by signing and returning the amendment, (2) by letter; or (3) by submitting a RFP response that indicates in some way that the consultant received the amendment. If this RFP is amended, than all terms and conditions which are not modified remain unchanged. It is the consultant's responsibility to check the website regularly for updates and modifications.

AUDITS: Prior to contract award, an audit may be conducted by SCDOT of the selected consultant. This audit will be for the purpose of ensuring the selected firm is financially capable of performing the contract, the cost information and prices quoted are reasonable and the selected consultant had adequate accounting practices to ensure accurate tracking of contract costs.

AUTHORIZATION TO BEGIN WORK: No work shall commence until after contract execution and issuance of a Notice to Proceed (NTP). Violations of NTP may result in non-payment of work performed, termination of an impending contract, or loss of federal funds, if applicable. Consultant billing shall not date prior to contract and/or modification of execution date.

AWARD: Contract award will occur after successful negotiations with the selected firm are reached. All selected firms and awards will be posted on SCDOT website. Award will be made to the top ranked firm that has successfully negotiated a contract.

CEI CONFLICT: No member of the consulting firm, its subsidiaries and/or affiliates, shall be selected for CEI services on a design build project if they are part of the design build team. If a sub-consultant is on the design build

team, the CEI consultant candidate shall request approval from SCDOT to replace the conflicting sub-consultant prior to CEI contracting.

CERTIFICATION FORMS: Submission forms located in ‘Appendix A’ of this document must be completed, signed, and notarized and submitted with the RFP response. Failure to submit these forms may result in the RFP response being deemed nonresponsive.

CLARIFICATIONS: SCDOT, at its sole discretion, shall have the right to seek clarifications from any consultant to fully understand information contained in their responses to the RFP.

COMMUNICATION: Effective the date of the advertisement of this contract, no further contact is allowed with any SCDOT personnel concerning this project except for questions of an administrative or contractual nature that shall be submitted in writing to the attention of the CO. This restriction is in effect until the selection has been announced. The employees of the proposing consultant may not contact any SCDOT staff including members of the Selection Committee, other than the CO to obtain information on the RFP. Such contact may result in disqualification.

CONFLICT OF INTEREST: By submitting a proposal, proposer agrees that, if an organizational conflict of interest is discovered after the proposal is submitted, the proposer must make an immediate and full disclosure to SCDOT that includes a description of the action that the proposer has taken or proposes to take to avoid or mitigate such conflict. SCDOT considers it a conflict of interest for a consultant to represent more than one party in relation to any given project regardless of which phases of the service are involved. If after award of the contract an organizational conflict of interest is determined to exist, SCDOT may, at its discretion, cancel the contract. If the proposer was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to SCDOT, then SCDOT may terminate the contract for default. Consultant must complete and submit a DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION certifying it does not have any financial or other interest in the outcome of the project, that it has no agreement, enforceable promise, or guarantee with any individual or company to provide any work on the project, that it does not have any association or professional or business relationships with anyone who has a financial interest in the outcome of the project, nor does anyone with a financial interest in the outcome of the project, exercise any control over the consultant’s pay, employment, bonuses, or other area subject to external influence.

CONFLICT OF INTEREST (NEPA): For all Environmental Impact Statement (EIS) and Environmental Assessment (EA) consultant selections, a DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION WILL be required from each firm of the project team (prime and all sub-consultants). Consultants will be required to disclose any financial or other interest they may have in the outcome of the environmental document, in accordance with Council on Environmental Quality Regulation, 40 C.F.R. §1506.5(c) (1999). The DISCLOSURE OF POTENTIAL CONFLICT OF INTEREST CERTIFICATION is included in the Appendix to this RFP.

COST RATE: Consultants and sub-consultants must have an SCDOT approved indirect cost rate prior to contract execution. Please refer to the following link for additional information: http://www.scdot.org/doing/contractor_Audit.aspx.

DBE QUALIFICATION: To qualify as a DBE on this project, the firm must be listed as approved for the type of work to be performed in the South Carolina Unified DBE Directory at the time of the bid submittal. Consultants shall comply with Title VI of the Civil Rights Act of 1964. The SCDOT strongly encourages the use of and involvement of Disadvantaged Business Enterprises (DBE) on this project. The directory can be found at the following link: http://www.scdot.org/doing/doingPDFs/businessDevelop/UCP_DBE_Directory.pdf.

DEBARMENT CERTIFICATION: Federal regulations require certification by prospective consultants as to current history regarding debarment, eligibility, indictments, convictions, or civil judgments. Consultant is required to submit the Debarment certification with its RFP response. Any individual, business, organization, corporation, consortium, partnership, joint venture, or any other entity including sub-consultants currently debarred or suspended is ineligible to participate as a candidate for this process. Any entity ineligible to conduct business in the State of South Carolina for any reason is ineligible to respond to the RFP. __A__ CERTIFICATION OF PRIMARY

PARTICIPANT REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS is included in the Appendix to this RFP.

DEBRIEFING: If a non-selected consultant would like to schedule a debriefing, consultant will have three (3) working days from the date of notification of non-selection. Only written requests (emails are acceptable) for a debriefing will be scheduled. If a consultant chooses to schedule a debriefing prior to contract signature, they can no longer be considered for award of this contract. However, the option exists to schedule a post-award debrief which will not jeopardize their opportunity for contract award should negotiations with the selected firm(s) prove unsuccessful.

DRUG FREE WORK PLACE CERTIFICATION – by submitting an RFP response, consultant certifies that, if awarded a contract, consultant will comply with all applicable provisions of the Drug-free Workplace Act, Title 44, Chapter 107 of the South Carolina Code of Laws, as amended.

ETHICS CERTIFICATION: By submitting this RFP, the consultant certifies that the consultant has and will comply with South Carolina's Ethics, Government Accountability, and Campaign Reform Act of 1991, as amended. The following statutes require special attention: (a) Offering, giving, soliciting, or receiving anything of value to influence action of public employee - §8-13-790, 8-13-705, 8-13-720; (b) Recovery of kickbacks - §8-13-790, (c) Offering, soliciting, or receiving money for advice or assistance of public official - §8-13-720, (d) Use or disclosure of confidential information - §8-13-725, (e) Persons hired to assist in the preparation of specifications or evaluation of bids - §8-13-1150, (f) Solicitation of state employees - §8-13-755, §8-13-760 and §8-13-725. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision.

FORMER SCDOT EMPLOYEES: If a firm lists someone who has not yet left SCDOT's employment, even if the employee plans to retire or quit soon, the RFP response will be disqualified. If a firm lists a former SCDOT employee on an RFP response who officially left SCDOT employment prior to the date of submittal of the RFP response, the firm will not be disqualified provided there are no ethical violation or conflict of interest.

INSURANCE and BONDS: Consultant is responsible to obtain all required statutory and contractual insurance and bonds, including but not limited to Professional liability insurance and Error and Omissions insurance, and shall be submitted to the SCDOT prior to execution of contract.

JOINT VENTURES: If consultant is a partnership, limited partnership, joint venture or other association (hereinafter joint venture), provide a copy of the organizational document or agreement committing to form the organization. Provide documentation from its surety company acknowledging the formation of a joint venture for the purpose of completing the project and that the joint venture is capable of obtaining a performance bond and payment bond in the estimated amount of the contract. Provide a statement executed by all general partners, joint venture members, or other association members, as applicable, evidencing agreement to be fully liable for the performance under the contract. Provide documentation evidencing the person signing the contract has authority to sign the contract on behalf of the joint venture. This information may be included in the appendices and will not be counted against the maximum page limitation. **PROPOSERS** are reminded that each individual joint venture partner must be prequalified with SCDOT prior to submission of the RFP response.

KEY INDIVIDUALS: Key individuals are those personnel deemed critical to the success of the project. They often vary from project to project. It is incumbent on the prime consultant to make a determination as to who they deem "key". In general terms, it can include, but not limited to: the project manager and those individuals listed as leads for each functionally specific discipline on the project organization chart.

KEY INDIVIDUAL CHANGES: If during the selection process, the CO is notified by the consultant that key individuals are not available, action must be taken as follows: (1) if notified before scoring is complete, but after deadline for submittal, the consultant can submit the resume of the person who would be replacing the key individual. The selection committee will score using the new key individual; (2) if notified after the scoring is complete, but prior to final approval, and the change involves the top scoring consultant, the consultant can submit

the resume of the person who will replace the key individual. The selection committee must then determine if the new person would affect the selection results. If not, the CO will notate the change and the justification for keeping the selection results. If it does, the selection committee will re-score the top consultant and change the selection; or (3) if a consultant notifies the CO of a key individual change any time after the final approval, the SCDOT must determine if the new key individual is acceptable. If not, the consultant will be rejected and the next highest qualified consultant selected. To qualify for SCDOT's authorization to replace a key individual, the firm must submit a written request explaining the reason for the change and must document that the proposed removal and replacement will provide services and/or management of the Project equal to or better than that submitted with the proposal. SCDOT will use the criteria specified in the advertisement and the qualification submitted by the firm to evaluate all requests. SCDOT reserves the right to reject the firm from further consideration if the new member is not approved. Firms that are found to consistently propose personnel who are not available are subject to temporary or permanent loss of their prequalification in that category, and may lose the right to submit proposals to SCDOT. SCDOT acknowledges that there are times where key individuals have to be changed due to change in employment or unanticipated work load shifts or schedule changes. All changes in key individuals must be approved by SCDOT in writing.

LAWS AND REGULATIONS: It is the responsibility of consultant to know and understand state and federal contracting and project regulations, rules, policies and procedures. Consultants shall conform to all state and federal requirements.

MULTIPLE PROPOSALS: Consultants are prohibited from submitting on multiple proposals as the prime consultant in response to this advertisement.

OWNERSHIP: All materials and written qualifications submitted pursuant to this RFP shall become the property of SCDOT and will not be returned. All responders must visibly mark as "CONFIDENTIAL" each part of their submission that they consider to contain proprietary information the release of which would constitute an unreasonable invasion of privacy. All unmarked pages will be subject to release in accordance with law. Proposer should be prepared, upon request, to provide justification of why such materials should not be disclosed under the South Carolina Freedom of Information Act, S.C. Code Section 30-4-10, et seq.

PREPARATION OF RFP: Consultants and/or sub-consultants who assist the owner in the preparation of a RFP document will not be allowed to participate in this RFP or join a team submitting a proposal in response to the RFP. However, SCDOT may determine there is not an organizational conflict of interest for a consultant or sub-consultant where: (a) The role of the consultant or sub-consultant was limited to provision of preliminary design, reports, or similar "low-level" documents that will be incorporated into the RFP, and did not include assistance in development of instructions to proposer or evaluation criteria, or (b) Where all documents and reports delivered to the agency by the consultant or sub-consultant are made available to all consultants.

REQUIRED PERCENTAGE OF WORK FOR PRIME CONSULTANTS: Consultant must perform work valued at not less than 30% of the total work, excluding specialized services, with its own staff. Specialized services are those services or items not usually furnished by a consultant performing a particular type of services requested.

RESPONSIBLE: Award of the contract will be to firms who have the capability in all respects to perform fully the contract requirements and the integrity and reliability which will assure good faith performance which may be substantiated by past performance.

RESPONSIVENESS: Any RFP response which fails to conform to the material requirements of the RFP may be rejected as nonresponsive. Reasons for determining a proposal to be non-responsive may result from, but are not limited to, the following: failure to provide all information requested in RFP, conflict of interests, conditional proposals, and failure to provide complete and honest information. Proposers will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be clarified or waived at the sole discretion of the SCDOT.

RFP PREPARATION COSTS: SCDOT assumes no liability and will not reimburse costs incurred by firms (whether selected or not) in developing responses to this RFP or participating in interviews.

RIGHT TO MODIFY and AMEND RFP: SCDOT reserves the right to modify or amend any provision of this RFP, including the determination of its intent to award a contract pursuant to this RFP. Interested engineering consultants are cautioned to rely solely on the contents of this RFP and subsequent written amendments in preparing any list of qualifications. SCDOT shall not be bound by any oral instructions, comments, or recommendations of any kind.

RIGHT TO REJECT: SCDOT reserves the right, in its sole discretion, to reject any and all RFP responses if its determines that such rejection is in the best interest of the State

RIGHT TO CANCEL: SCDOT reserves the right to cancel the advertisement, negotiations, or contract at any time in the best interest of the State.

TERMS OF CONTRACT: The boilerplates terms for all SCDOT contracts are non-negotiable.

VALIDITY OF INFORMATION: Consultant shall be held responsible for the validity of all information supplied in its proposal, including that provided by potential subcontractors. Should subsequent investigation disclose that the facts and conditions were not as stated, the proposal may be rejected or contract terminated for default if after award, in addition to any other remedy available under the contract or by law.
