If the 2000 Edition of the "Requirements for Hydraulic Design Studies" applies, Designer to replace the 2009 Hydraulic Design Reference block with the block below.

Note to Designer:
These information blocks are for use on "fast track" or other similar types of bridge projects where roadway approach plans are incorporated in the bridge plans.

Note to Designer:
This information block is for use on bridges designed in accordance with the SCDOT "Supplemental Design Criteria For Low Volume Bridges Replacement Projects" (latest edition), placed in upper right corner of title sheet.

Design Reference for these plans is the

LVB
Supplemental Design Criteria For Low Volume Bridge Replacement Projects
