

NOTICE TO ALL CONTRACTORS

September 9, 2016

THIS IS NOT A SELECTION BUT RATHER AN INQUIRY FOR INTEREST FROM CONTRACTORS WHO PERFORM GEOTECHNICAL MASS SOIL MIXING.

US 17 Jasper County, 0039168 – SCDOT will be conducting one-on-one constructability reviews with potential geotechnical mass soil mixing contractors interested in providing input into the development of this project. Items to be discussed will relate to methods, equipment space requirements, offsets from utilities, and other items related to construction relating to mass soil mixing. The meetings are planned to be conducted prior to September 30, 2016. Contact Kevin Harrington by September 16, 2016 at 803-737-1308 or harringtKG@scdot.org to obtain a list of specific questions and to determine a means for the SCDOT to obtain your input. Input can be submitted via email or a meeting can be arranged in person or through phone correspondence. There will be no financial compensation for this participation.
