

QUALIFIED ASPHALT CONTRACTOR PLANT MIX DESIGN LABORATORIES

Laboratories named on this list are qualified to design and submit asphalt Job Mix Formulas (JMFs) for the accompanying asphalt plant. All listed laboratories comply with Qualified Product Policy 113. Laboratories located in states other than South Carolina are noted.

Products listed on QPL 113 do not require additional source of production documentation as indicated by the SCDOT Specification "Domestic Materials Preference for Iron and Steel Products, Manufactured Products, and Construction Materials" to be used on federal projects.
