

City of Abbeville Downtown Sidewalk Improvements

The South Carolina Department of Transportation and the City of Abbeville are proposing to replace aging sidewalks and install lighting along East Pickens Street (L-944) in downtown Abbeville. The purpose of the project is to provide ADA-compliant sidewalks, pedestrian lighting, and beautification improvements through this area of downtown Abbeville.

What will happen during construction?

SCDOT proposes to maintain automobile traffic during construction; however, sidewalks may be temporarily unavailable.

Project Funding:

The proposed project is being funded through the Transportation Alternatives Program (TAP), a federally-funded grant program for pedestrian, bicycle, and streetscape improvements. Eligible project sponsors typically include local governments or school districts. Projects are awarded through a competitive application process.

Project Schedule:

Preliminary Engineering: UNDERWAY

Right-of-Way Acquisition: Summer 2022

Construction: Summer 2023 to early 2024

Can I comment on this project?

Yes. SCDOT will be accepting comments from the public through the project website (below). Comments for this project will be accepted through **May 1, 2022**.

Where can I get more information?

The SCDOT has created a webpage for this project that contains an interactive map, project timeline, and comment form. The page will be updated as needed throughout the project period.
