

WELCOME!

US 178 and I-85 Interchange Project

PROJECT DESCRIPTION

Improvements to the I-85 interchange at US 178

3 Possible Alternatives are being proposed

MEETING PURPOSE

Present and clarify information about project alternatives

Receive feedback and public comments

Project Area

The project area is located in Anderson County, just north of the City of Anderson. Land use in this area is rural, residential single family and mobile homes, with commercial, convenience-based development and industrial uses in the nearby area.

Project Purpose and Need

PURPOSE

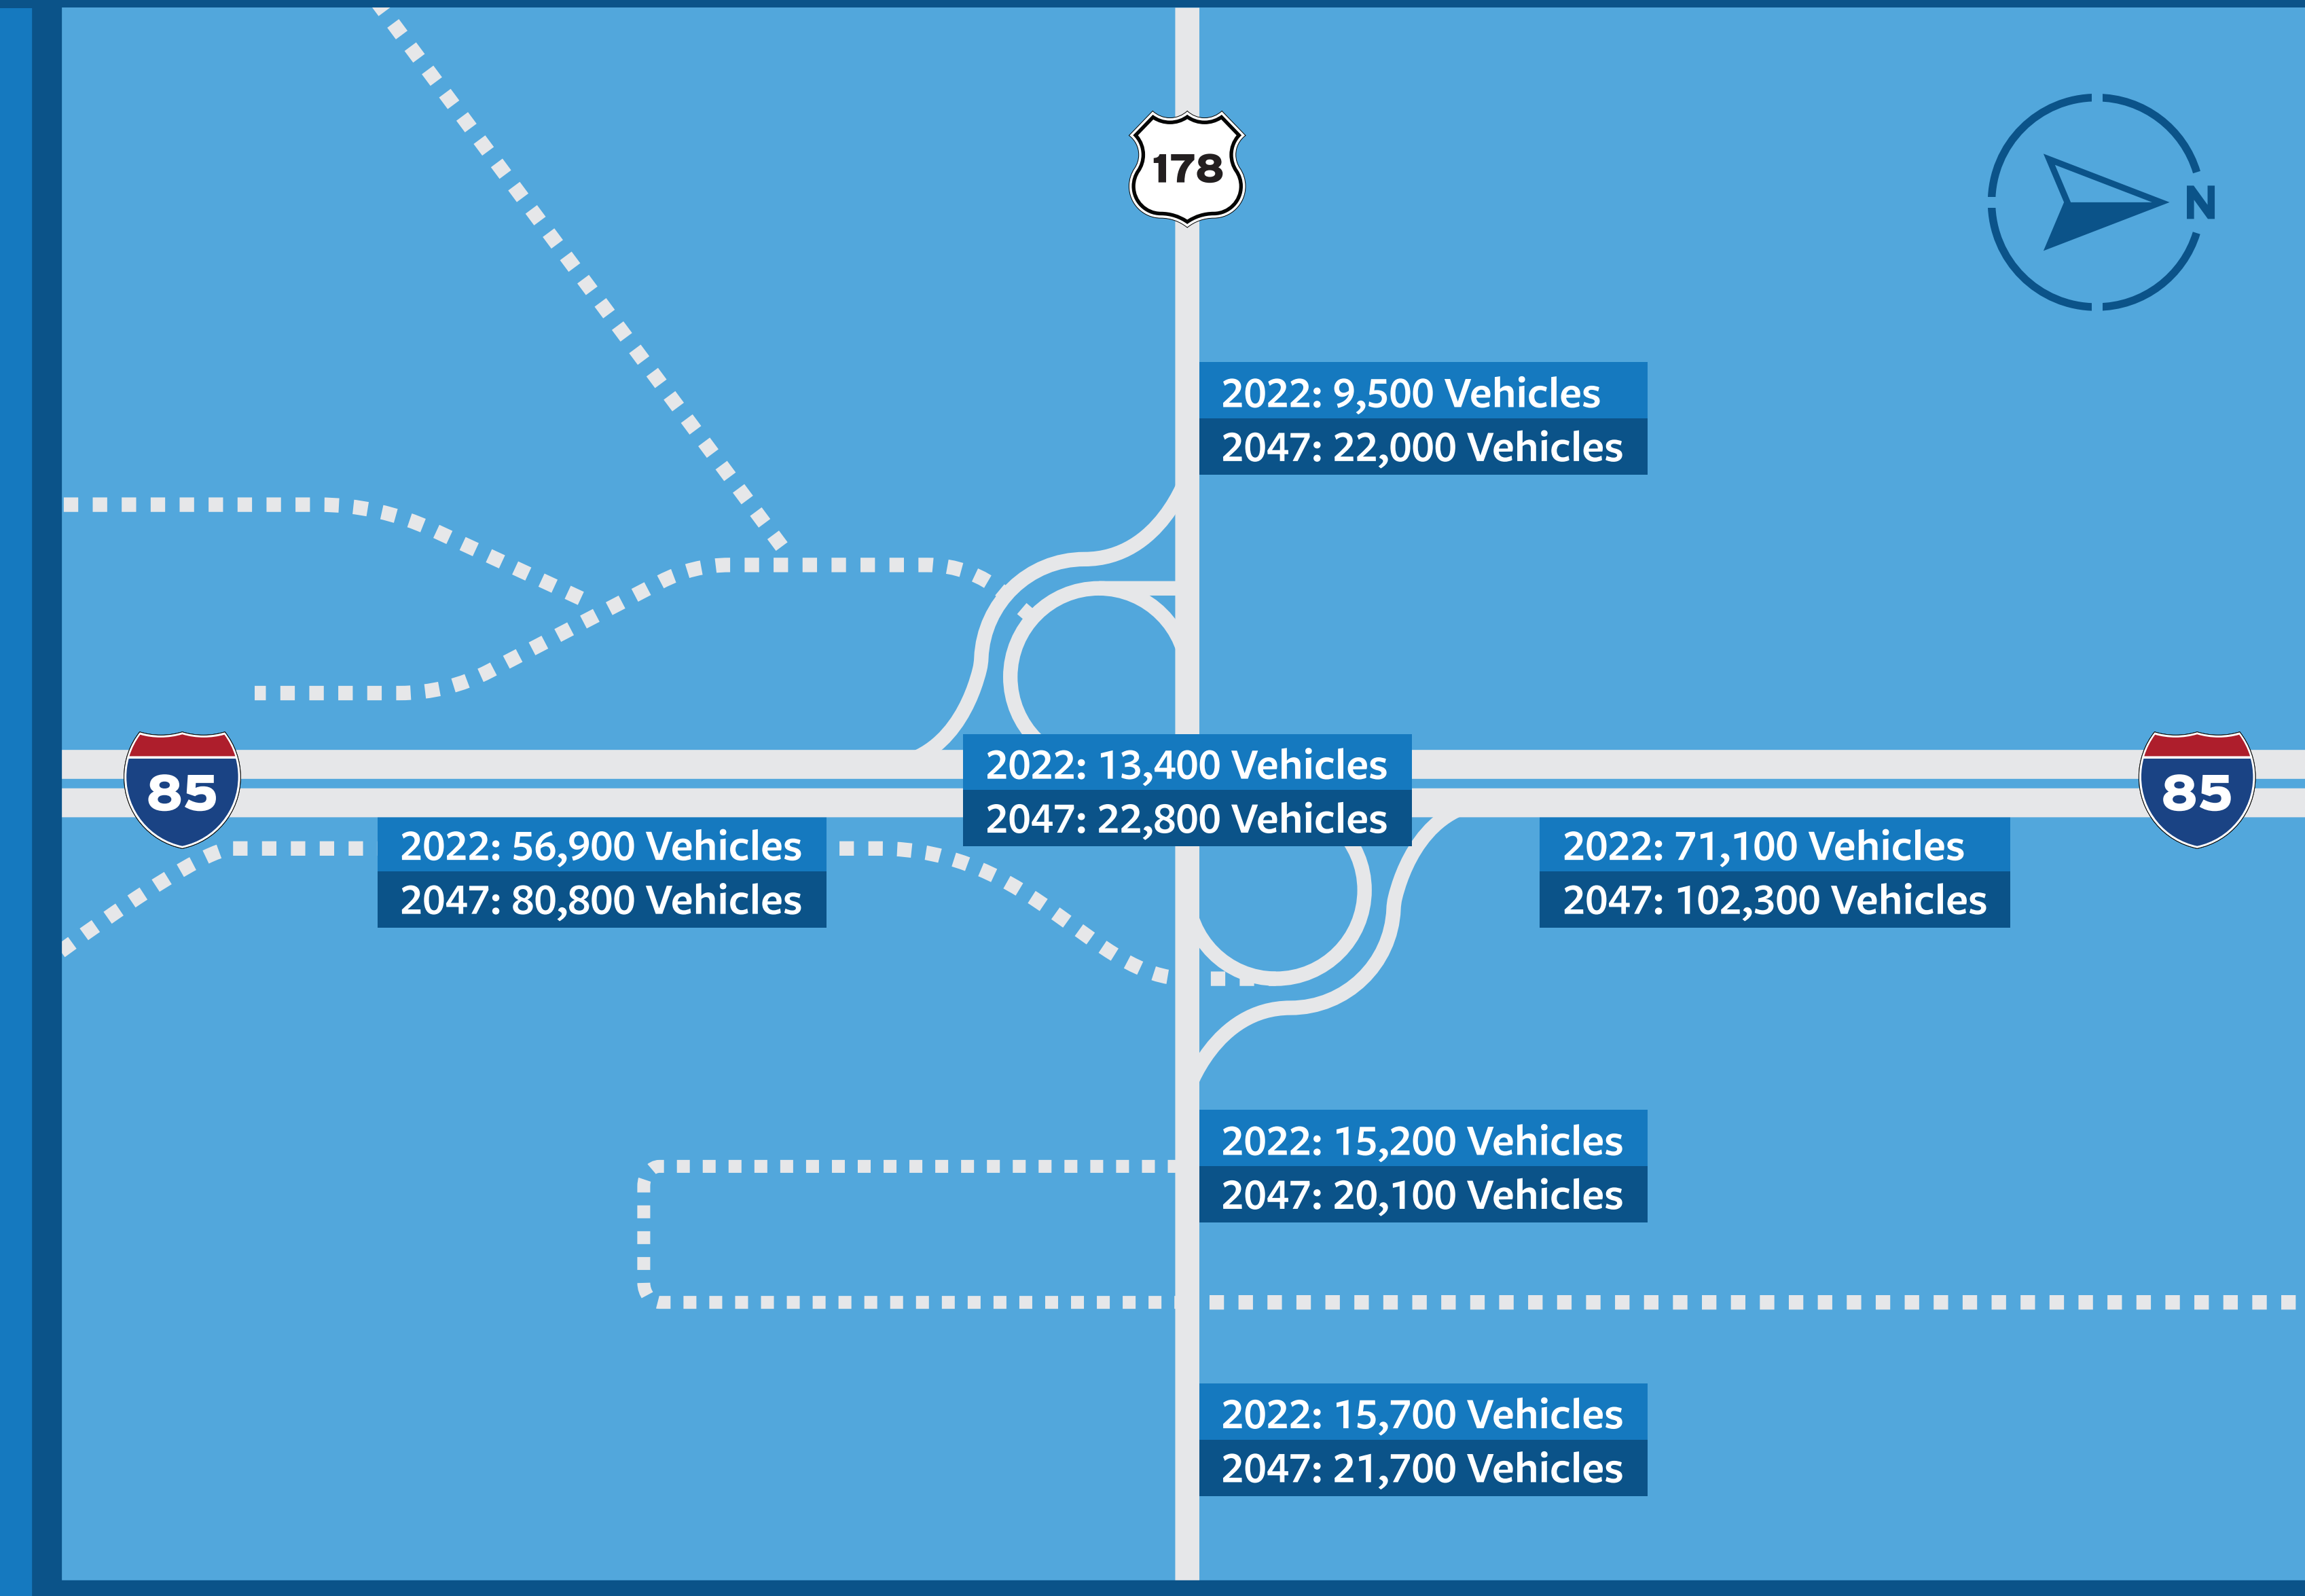

The purpose of the project is to address the operational deficiencies of the current interchange configuration and reduce congestion.

NEED

The need for the project is based on an outdated interchange design and increasing traffic volumes.

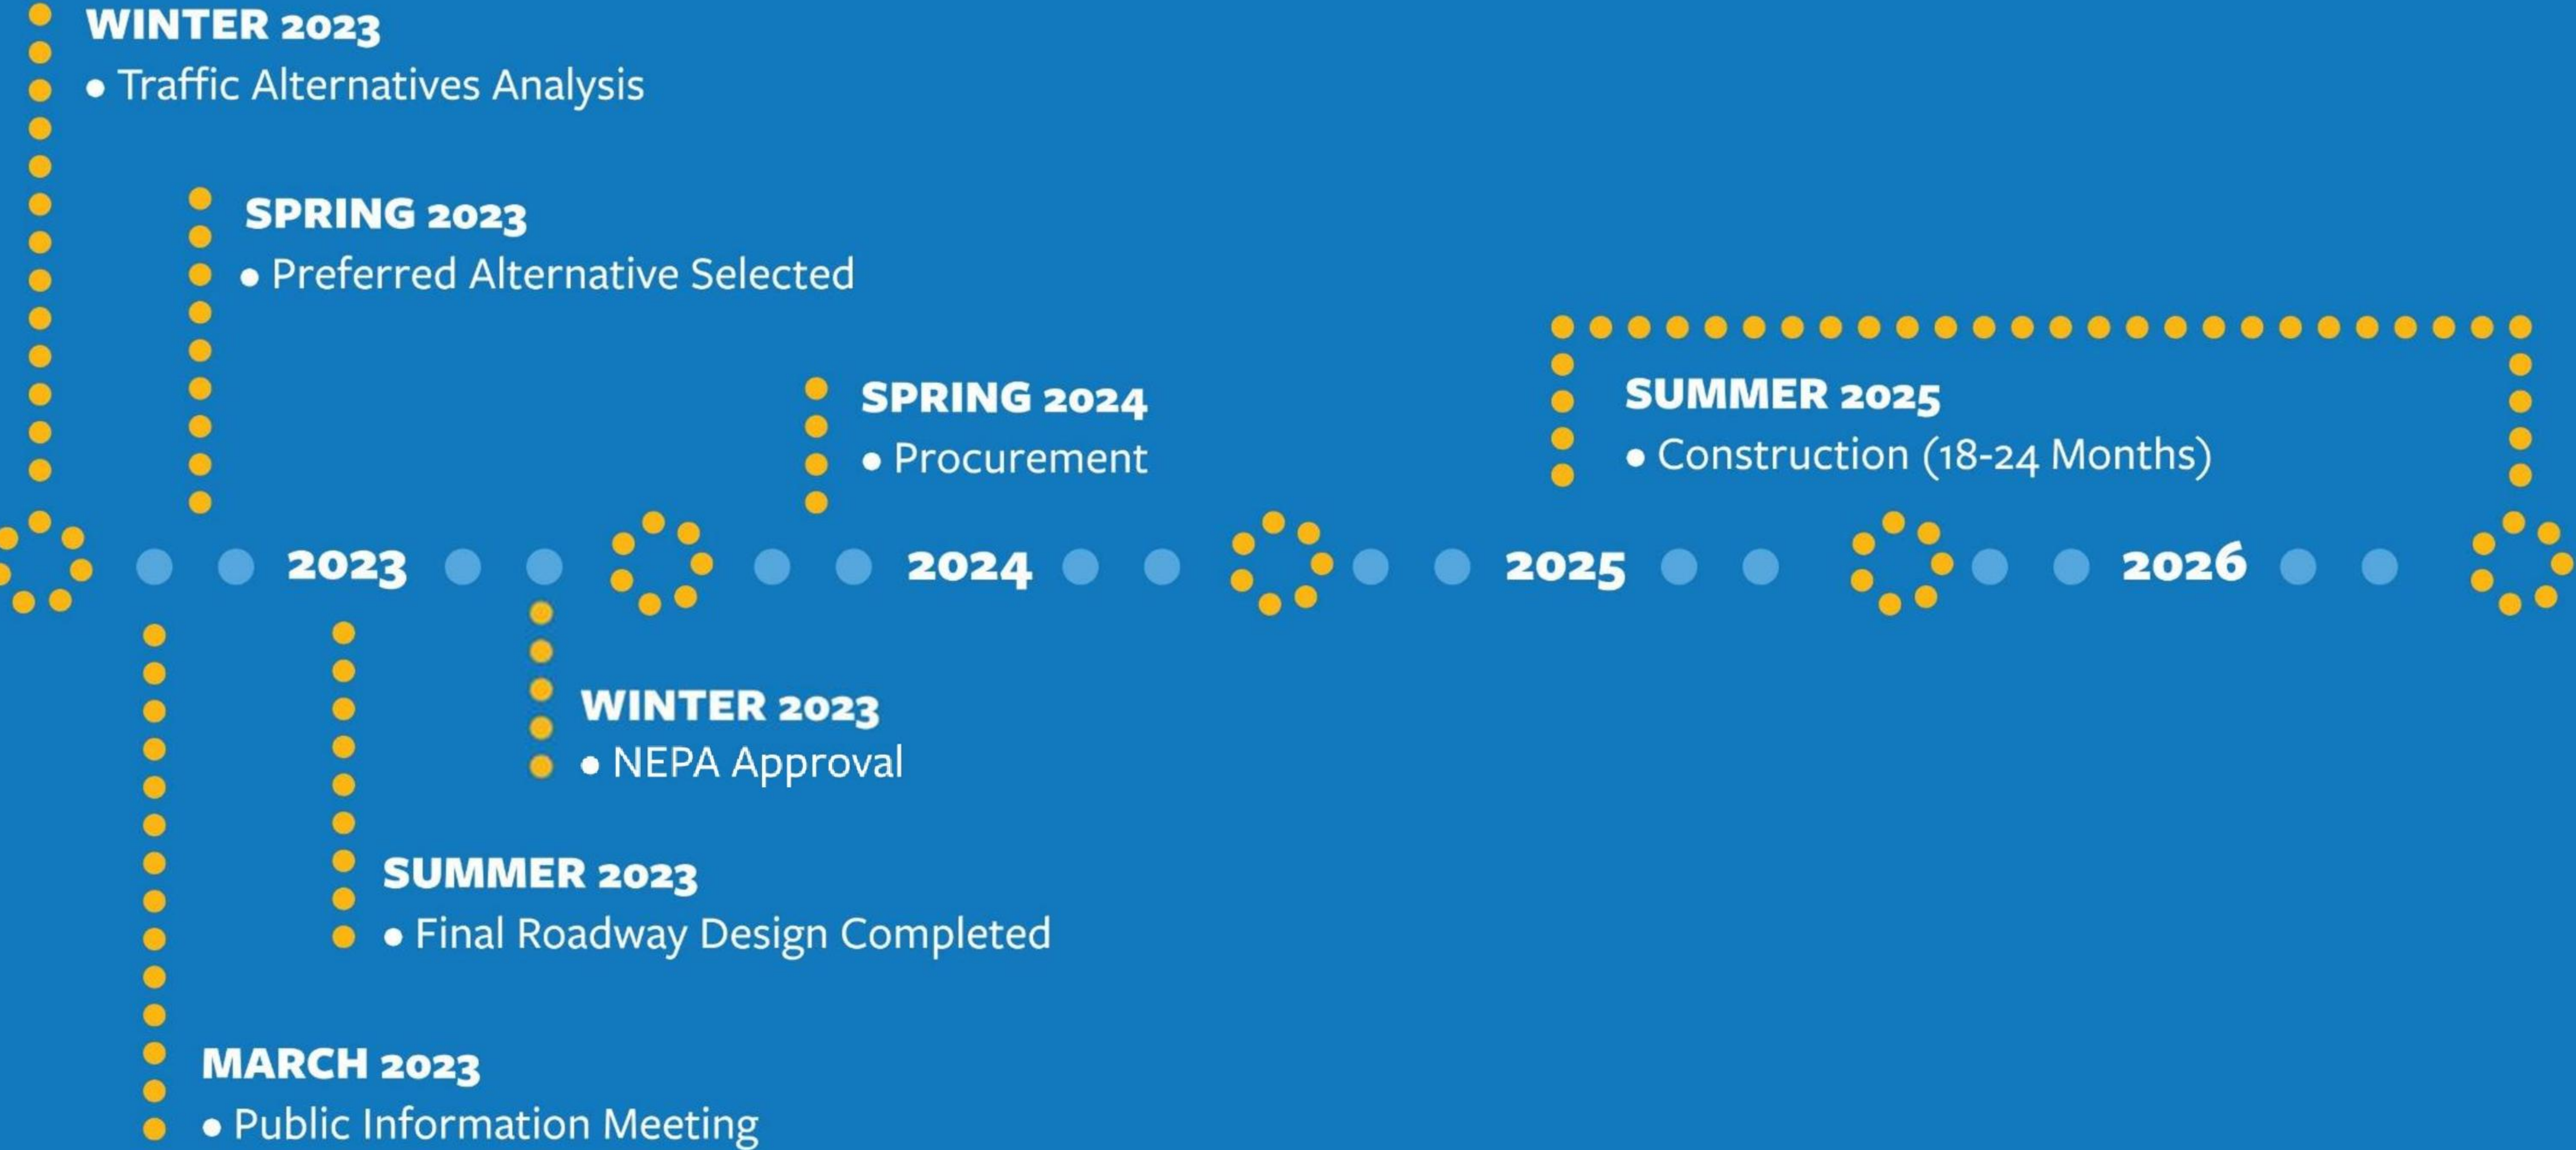

Between 2019 and 2021 there were 154 crashes, including one fatal, along the US 178 corridor within the project area.

Project Alternatives

	Partial Cloverleaf Interchange	Modified Partial Cloverleaf Interchange	Diverging Diamond Interchange
Widen US 178 Bridge	✓	✓	
Demolish existing US 178 bridge and construct two new bridges over I-85			✓
Realign Hurricane Road			✓
Remove driveways and intersections from I-85 ramps	✓	✓	✓
Realign I-85 Ramps	✓	✓	✓
Signalize I-85 Ramps	✓	✓	✓
Construct new I-85 Southbound Exit Ramp		✓	✓
Remove and replace all I-85 Ramps			✓

Project Schedule

THANK YOU!

for attending the public meeting for the US 178 and I-85 Interchange Project

PUBLIC INVOLVEMENT

Your feedback is vital in our project development! Please provide any questions, comments, or feedback to help move this project forward.

All comments are due by April 5, 2023.

YOU CAN PROVIDE FEEDBACK BY:

**Submitting a written comment at the
Public Information Meeting**

Submitting a comment online at:
<https://scdotgis.online/US178-I85>

Emailing comments to: PittsME@scdot.org
